This release is based on voluntary reports from local building permit officials processed by the Bureau of the Census by the 12th working day of the month. If an official fails to respond, the Bureau of the Census may impute, or estimate, some or all data. Source code "4" indicates that the residential data is actual and the nonresidential data may be imputed. Source code "5" indicates that all data are imputed. Year-to-date data includes imputation. Value figures are estimated on a cost-per-foot basis by each jurisdiction and may not be comparable to other locations. Mobile homes are not counted in residential permit data.

Volume XXXVII ∞ Number Three ∞ Released May 1991

This release is based on voluntary reports from local building permit officials processed by the Bureau of the Census by the 12th working day of the month. If an official fails to respond, the Bureau of the Census may impute, or estimate, some or all data. Source code "4" indicates that the residential data is actual and the nonresidential data may be imputed. Source code "5" indicates that all data are imputed. Year-to-date data includes imputation. Value figures are estimated on a cost-per-foot basis by each jurisdiction and may not be comparable to other locations. Mobile homes are not counted in residential permit data.

Volume XXXVII ∞ Number Five ∞ Released July 1991

This release is based on voluntary reports from local building permit officials processed by the Bureau of the Census by the 12th working day of the month. If an official fails to respond, the Bureau of the Census may impute, or estimate, some or all data. Source code "4" indicates that the residential data is actual and the nonresidential data may be imputed. Source code "5" indicates that all data are imputed. Year-to-date data includes imputation. Value figures are estimated on a cost-per-foot basis by each jurisdiction and may not be comparable to other locations. Mobile homes are not counted in residential permit data.

Volume XXXVII ∞ Number Six ∞ Released August 1991

This release is based on voluntary reports from local building permit officials processed by the Bureau of the Census by the 12th working day of the month. If an official fails to respond, the Bureau of the Census may impute, or estimate, some or all data. Source code "4" indicates that the residential data is actual and the nonresidential data may be imputed. Source code "5" indicates that all data are imputed. Year-to-date data includes imputation. Value figures are estimated on a cost-per-foot basis by each jurisdiction and may not be comparable to other locations. Mobile homes are not counted in residential permit data.

If an official fails to respond, the Bureau of the Census may impute, or estimate, some or all data. Source code "4" indicates that the residential data is actual and the nonresidential data may be imputed. Source code "5" indicates that all data are imputed. Year-to-date data includes imputation. Value figures are estimated on a cost-per-foot basis by each jurisdiction and may not be comparable to other locations. Mobile homes are not counted in residential permit data.

If an official fails to respond, the Bureau of the Census may impute, or estimate, some or all data. Source code "4" indicates that the residential data is actual and the nonresidential data may be imputed. Source code "5" indicates that all data are imputed. Year-to-date data includes imputation. Value figures are estimated on a cost-per-foot basis by each jurisdiction and may not be comparable to other locations. Mobile homes are not counted in residential permit data.
